

MOHAMED MAGDY

Nationality: Egyptian

Age : 27

About Me

I have experience in the labor market in terms of management and how to deal with and solve problems. I also have communication and teamwork skills through my participation in some student activities during my studies.

Expertise

- Responsible for managing Khair Pharmacies. 2021 - 2023
- Assistant Surveyor in the Roads and Bridges Department at Arab Contractors Company. 2020 - 2021
- Trained on the use of the Arc Gis program in the Urban Planning Department in Aswan Governorate.

Personal skills

- Communicate with others and express oneself clearly, verbally and in writing.
- Teamwork and work effectively within a team to achieve a common goal.
- Solve problems, address difficulties and find appropriate solutions.
- Lead, direct and influence others.
- The ability to manage time and resources effectively.
- The ability to adapt to new circumstances or changes in the work environment.

Technical skills

- Using Microsoft programs
- Using Arc Gis
- Using Civil 3D
- Using surveying devices

Hobbies

- Exercising as I spend most of my free time practicing bodybuilding.
- Volunteer activities since I was a university student I joined volunteer teams.
- Cooking skill, a man who cooks his own food and helps with housework is evidence of his openness and sophistication, especially if the employer is a woman. Also, cooking skill gives a person the skill of organizing and properly managing the place and developing his ability to benefit from it, and few men have this skill.
